## ALTERNATIVE PATHWAY FOR STUDENTS NOT COMPLETING THIRD UNIVERSITY EXAMINATION IN MIDWIFERY

The BSc Health Studies (Women's Health), NFQ Level 7, is an alternative ordinary bachelor's degree pathway for students who do not satisfy the pass standard for the placement module Part B (NU3069) in the BSc (Hons) Midwifery (<https://ucc-ie-public.courseleaf.com/programmes/bscmwf/>) programme. Students who do not pass the Part B practice module for Year 2 of the BSc (Hons) Midwifery on the first and repeat attempts as per module descriptor will re-register for the non-clinical BSc in Health Studies (Women's Health). This pathway does not confer eligibility to practice as a Registered Midwife.

To complete the BSc Health Studies (Women's Health), a student must pass all Part A modules for the third-year BSc Midwifery Examinations and achieve a pass in the Part B independent study module NU3084 (10 credits). Students who complete the Part B study module are required to exit the programme with a BSc Health Studies (Women's Health) award.

## THIRD YEAR - THIRD UNIVERSITY EXAMINATION IN HEALTH STUDIES (WOMEN'S HEALTH)

**Leading to:** NFQ Level 7, Major Award - BSc in Health Studies (Women's Health)

A student may not register for the Third Year of the programme until the Second University Examination in Midwifery and the appropriate Part B module have been passed. In order to be admitted to the Third University Examination in Health Studies (Women's Health), each student must have attended lecture modules in Part A to the value of **50** credits and a study module in Part B to the value of **10** credits.

Students who complete the Part B study module are required to exit the programme with a BSc Health Studies (Women's Health) award.
