The BSocSc (Hons) is a three-year, full-time honours degree programme during which students are provided with a broad grounding in Social Policy, Sociology, Psychology, Economics and Philosophy. The First Year offers a foundation in the Social Sciences. The Second and Third Years of the degree emphasise applied learning and include preparation of a research proposal in the Second Year and a social research dissertation in the Third Year.

The degree does not provide a professional qualification in any one of the areas covered. Students wishing to become Social Workers or Youth and Community Workers will have to undertake further professional training at Postgraduate level, for example the Master of Social Work (MSW) degree or the Postgraduate Diploma in Youth Work. Students wishing

to be eligible for postgraduate studies in Sociology must have taken at least 45 credits of Sociology overall in the Second and Third Years, including SC2014 Classical Social Theory, SC2015 Critical Social Theory, SC3001 Contemporary Social Theory and SC3055 Research Project 2 (or equivalent i.e. SS3031 Social Research Report).

First Year - Social Science

In First Year Social Science, students study prescribed modules to the value of 60 credits in the five designated subject areas of Social Policy, Applied Psychology, Economics, Philosophy and Sociology.

Notes regarding Second Year and Third Year Social Science elective modules:

If optional SS coded modules do not reach the minimum registration quota there is no guarantee that they will be offered.

Students may not select modules which involve a timetable clash.

Students may not select the same electives in year 2 and year 3.
