

DIPLOMA IN PREHOSPITAL CARE

Programme Learning Outcomes

Programme Learning Outcomes for Diploma in Prehospital Care (NFQ Level 7, Major Award)

On successful completion of this programme, students should be able to:

- Demonstrate an awareness of prehospital practice from a multidisciplinary perspective including epidemiology, psychology and public health.
- Perform EMT skills and techniques in a safe, efficient and effective way.
- Apply a holistic and integrated approach to prehospital practice.
- Be sensitive to contemporary issues within socially and culturally diverse communities and prepare to respond effectively to such issues during prehospital practice.
- Outline continual professional development and identify the importance of lifelong learning.
