Programme Learning Outcomes

Programme Learning Outcomes for MA in Teaching and Learning in Higher Education (NFQ Level 9, Major Award)

On successful completion of this programme, students should be able to:

- Identify and apply principles of a Scholarship of Teaching and Learning (SoTL) approach in the college classroom;
- Critically evaluate their teaching in the light of their students' learning;
- Design an inquiry project around a teaching and learning issue;
- Apply appropriate approaches and research methodologies to identify and harness student learning;
- Study and present a teaching and learning issue to a professional standard (equivalent to that of a publishable paper/article);
- Communicate effectively with other scholars in the field of teaching and learning;
- Peer review their teaching within a SoTL community;
- Articulate with increased awareness their worldviews and values in relation to SoTL practice and how they inform their academic identity and sense of belonging as a higher education professional.
