Programme Learning Outcomes

Programme Learning Outcomes for MEd (Modular) (NFQ Level 9, Major Award)

On successful completion of this programme, students should be able to:

- Specify how the variety of modules studied contributed to their continuing professional development;
- Discuss key issues pertaining to teaching, learning and education in the 21st century;
- Reflect critically on the role of the teacher in the contemporary classroom;
- Display understanding of some core relevant educational theories and perspectives;
- Source, read, understand and critically discuss relevant professional literature;
- Relate relevant professional literature, policy and research to their classroom or appropriate professional practice site;
- Design, conduct and write up a research study pertaining to some element of their professional practice;
- Discuss the complexity of the research process.
