- Sustainability

Sustainable Development Goals (SDGs):

- Decent Work and Economic Growth
- Responsible Consumption and Production

Graduate Attributes:

- Creator, evaluator and communicator of knowledge

Work-Integrated Learning (Including Placement):

No

The MEngSc in Pharmaceutical and Biopharmaceutical Engineering is a part-time programme that runs for a minimum of 24 months (maximum 60 months) from the date of first registration for the programme.

Exit Award - Postgraduate Diploma in Pharmaceutical and Biopharmaceutical Engineering

Students who achieve 40% in each individual taught module but fail to achieve the requisite grade of 50% across the taught modules, or students who pass all taught modules and do not wish to complete the Research Dissertation, may opt to exit the programme and graduate with a Postgraduate Diploma in Pharmaceutical and Biopharmaceutical Engineering (<https://ucc-ie-public.courseleaf.com/programmes/menpbe/programmes/pdpbe/>).

Programme Requirements

For information about modules, module choice, options and credit weightings, please go to Programme Requirements (p.).
