

MRES SUSTAINABLE MATERIALS AND THE ENVIRONMENT

Overview

Status: Active

National Framework Of Qualifications (NFQ) Level: 9

NFQ Award Class: Major Award

Duration Full Time: 12 Month(s)

Total Credits: 90

Delivery Method: In-Person

Connected Curriculum:

- Employability
- Inter-and Transdisciplinary
- Research Based Teaching
- Sustainability

Sustainable Development Goals (SDGs):

- Affordable and Clean Energy
- Climate Action

Graduate Attributes:

- Creator, evaluator and communicator of knowledge
- Digitally Fluent
- Independent and creative thinker
- Socially Responsible

Work-Integrated Learning (Including Placement):

No

The MRes in Sustainable Materials and the Environment is a full-time programme running over 12 months from the date of first registration for the programme. We will also offer the opportunity for applicants based in industry to apply to undertake a 2-year part-time MRes. The programme consists of (a) a major research thesis and (b) taught modules in the area of sustainable materials and the environment and on transferrable skills with an emphasis on scientific writing, oral presentations and proposal writing. Students undertake a workload total equivalent to 90 credits over the 12 month programme. The principle element of this is the completion of a 70 credit dissertation of ~ 25,000 words. In parallel, students must also take and pass 20 credits of taught modules.
