The MSc Clinical Measurement Physiology is a full-time programme, which runs over two years. Year 1 will run over a calendar year (semesters 1, 2 and 3); Year 2 will run over an academic year (semesters 1 and 2).

Students will take modules to the value of **70** credits in in Year 1 and **50** credits in Year 2, totalling **120** credits. Upon satisfactory completion of all modules in the first year to the value of 70 credits, students may proceed to the second year of the programme. On successful completion of all modules in the second year, to the total value of 120 credits, students may graduate with an MSc Clinical Measurement Physiology.
