

MSC IN GEOGRAPHICAL INFORMATION SYSTEMS

Overview

The MSc in Geographical Information Systems is a part-time programme which comprises a dissertation worth 30 credits (GG6546) which is carried out over a nine-month period during one academic year. The MSc will not be funded as part of the HCI Pillar 1 initiative and students will be required to self-fund this MSc. Eligible graduates should contact the Programme Director directly to apply for the MSc in Geographical Information Systems.

Programme Requirements
