

MSC (INTERACTIVE MEDIA)

Programme Learning Outcomes

Programme Learning Outcomes for MSc (Interactive Media) (NFQ Level 9, Major Award)

On successful completion of this programme, students should be able to:

- Describe the technologies of interactive media production;
- Identify the elements that are likely to make for effective interactive media;
- Evaluate a range of digital formats (digital images, websites, digital sound and video, 3D models) and other specialist aspects of interactive media production;
- Apply theoretical models and concepts to issues surrounding interactive media;
- Use programming techniques and specialist applications to develop interactive media applications;
- Work as individuals and together in teams;
- Plan, implement and deliver a practical interactive media production.
