## Programme Learning Outcomes

Programme Learning Outcomes for MSc in Older Person Rehabilitation  
(NFQ Level 9, Major Award)

On successful completion of this programme, students should be able to:

- Evaluate models and settings of rehabilitation within healthcare systems;
- Critically appraise the available literature on the rehabilitation of older people;
- Incorporate evidence based practice into their everyday work;
- Plan, execute and disseminate research in the rehabilitation of older people;
- Critically discuss the processes involved in choosing appropriate rehabilitation goals and in determining successful outcome;
- Reflect on the role of members of the multidisciplinary rehabilitation team, focussing on the commonalities and the unique discipline perspectives of each member.
