

MSC (PROJECT MANAGEMENT)

Programme Learning Outcomes

Programme Learning Outcomes for MSc (Project Management) (NFQ Level 9, Major Award)

On successful completion of this programme, students should be able to:

- Demonstrate advanced analytical and problem-solving skills associated with effective project management practice;
- Apply practical tools, techniques and conceptual models in order to maximise the value of the project management process;
- Critically appraise how projects contribute to an organisation's ability to realise its strategic goals and business benefits;
- Appreciate the use of management and leadership skills in the conduct of projects of various size, scope, and complexity;
- Critically appraise current issues, trends and challenges in Project Management theory and practice;
- Prepare a viable research proposal for further research;
- Communicate and work effectively to a high professional standard;
- Evaluate the scholarly literature on project management theory and practice;
- Plan and implement a research design framework that addresses a current research problem.
