

MSC (REHABILITATION SCIENCES)

Overview

NFQ Level 9, Major Award

Exit Award only

Students on the MSc (Physiotherapy) (<https://ucc-ie-public.courseleaf.com/programmes/mscstp/>) programme who pass 90 credits within non-clinical modules may choose to exit the programme and be awarded a MSc (Rehabilitation Sciences) at the end of Second Year.

Students who graduate with an Exit award will not be eligible to practise as a Physiotherapist

Programme Requirements

For information about modules, module choice, options and credit weightings, please go to Programme Requirements (p. 1).

Programme Requirements

Code **Title** **Credits**

Students take non-clinical modules to the value of **90** credits as follows:

Year 1 - Core Modules

Full details and regulations governing Examinations for each programme will be contained in the *Marks and Standards Book* and for each module in the *Book of Modules*.

Programme Learning Outcomes

Programme Learning Outcomes for MSc in Rehabilitation Sciences (NFQ Level 9, Major Award)

On successful completion of this programme, students should be able to:

- Evaluate models and settings of rehabilitation within healthcare systems;

- Critically appraise the available literature on the principles of rehabilitation;
- Plan, execute and disseminate research in the area of rehabilitation;
- Critically discuss the processes involved in choosing appropriate rehabilitation goals and in determining successful outcomes;
- Reflect on the role of members of the multidisciplinary rehabilitation team, focussing on the commonalities and the unique discipline perspectives of each member.
