

POSTGRADUATE CERTIFICATE IN HUMAN OSTEOARCHAEOLOGY

Overview

NFQ Level 9, Minor Award

Exit Award only

Candidates on the MA (Human Osteoarchaeology) (<https://ucc-ie-public.courseleaf.com/programmes/maho/>) programme who pass at least 30 credits of taught modules may opt to exit the programme and be awarded a Postgraduate Certificate in Human Osteoarchaeology.

Programme Requirements

For information about modules, module choice, options and credit weightings, please go to Programme Requirements (p. 1).

Programme Requirements

Code	Title	Credits
Students take modules to the value of at least 30 credits from the following:		
AN6001	Regional and Topographical Anatomy	10
AR6009	Mortuary Theory	5
AR6011	Biocultural Approaches to Human Remains	5
AR6014	Osteoarchaeology Laboratory	10
AR6031	Palaeopathology	10
ST2001	Introduction to Biostatistics	5

Examinations

Full details and regulations governing Examinations for each programme will be contained in the *Marks and Standards Book* and for each module in the *Book of Modules*.

Programme Learning Outcomes

Programme Learning Outcomes for Postgraduate Certificate in Human Osteoarchaeology (NFQ Level 9, Minor Award)

On successful completion of this programme, students should be able to:

- Apply knowledge and understanding of the history of development of bioarchaeology and its relationship to the broader discipline of archaeology;
- Apply knowledge of human biological variability and its relevance to cultural, historical and archaeological contexts;
- Apply knowledge of a range of bioarchaeological methods which involve the quantification and analysis of age at death, sex, activity patterns, growth and development and pathological conditions identifiable in human remains;
- Record, quantify and analyse bioarchaeological data within an archaeological context, and present the data in different forms.
