

POSTGRADUATE CERTIFICATE IN OCCUPATIONAL HEALTH (ONLINE)

Programme Learning Outcomes

Programme Learning outcomes for Postgraduate Certificate in
Occupational Health (NFQ level 9, Minor Award)
(Online)

On successful completion of this programme, students should be able to:

- Practise measures to prevent disease and injury, and to protect and promote health and safety in occupational settings;
- Demonstrate an understanding of the core principles of risk assessments and management in the workplace for both physical and psychosocial risk factors;
- Systematically search and select credible and accurate sources of information for Occupational Health and Safety practice and research;
- Develop critical personal reflection of experience to shape future professional practice and development.
