

# POSTGRADUATE CERTIFICATE IN REHABILITATION SCIENCES

---

## Programme Learning Outcomes

Programme Learning Outcomes for Postgraduate Certificate in  
Rehabilitation Sciences (NFQ Level 9, Minor Award)

On successful completion of this programme, students should be able to:

- Relate structure and function of the human body to disorder and dysfunction at an introductory level;
- Apply human structural anatomy to function;
- Articulate the importance of an interprofessional approach to the rehabilitation of patients;
- Evaluate the evidence for the use of exercise in health, health promotion and disease;
- Discuss models and settings of rehabilitation within healthcare settings.
