

# POSTGRADUATE DIPLOMA IN APPLIED IMAGING STUDIES

---

## Programme Learning Outcomes

Programme Learning Outcomes for Postgraduate Diploma in Applied Imaging Studies (NFQ Level 9, Major Award)

On successful completion of this programme, students should be able to:

- Possess the academic skills to critically evaluate the evidence underpinning current imaging practices.
- Demonstrate ongoing commitment to the professional and caring values which underpin a safe and high quality clinical service.
- Critically evaluate the findings of audit, clinical and academic evidence to enhance the organisation and management of patient care in a variety of diagnostic imaging contexts.
- Critically evaluate original research sources and their contribution to the evidence base of clinical practice.
- Critically evaluate ongoing personal and professional development via the theory and practice of CPD.
- To evidence a self-reflective approach to professional practice decision-making and be responsive to the needs of service users.
