Programme Learning Outcomes

Programme Learning Outcomes for Postgraduate Diploma in Work and Organisational Behaviour (NFQ Level 9, Major Award)

On successful completion of this programme, students should be able to:

- Critically reflect on professional ethics guiding skilled action;
- Critically reflect on the nature of the employment relationship, and display a sensitivity to differing stakeholder interests;
- Demonstrate an awareness of organisational theory and the role of organisational context in understanding organisations, leadership and organisational development interventions;
- Critically appraise the psychological literature on individual differences and its application to making decisions in the workplace about personnel selection, assessment, and performance;
- Apply contemporary theories of learning, well-being and participation at work to optimise opportunities for learning and development in work organisations;
- Evaluate appropriate ergonomic and human computer interaction models and evidence around the design, appropriation, experience and impacts, of technologies in a work environment.
